

T's CREATE

Corporate Profile

Business Policy

Creating high-quality spaces for everyone.

True quality cherished by professionals.

Our high-quality spaces provide the best to people that get the chance to experience them. We create spaces for everyone which value the human spirit by incorporating the management philosophy of the Takashimaya group, "Putting People First."

As a Member of the Takashimaya Group

New Yet Unchanging

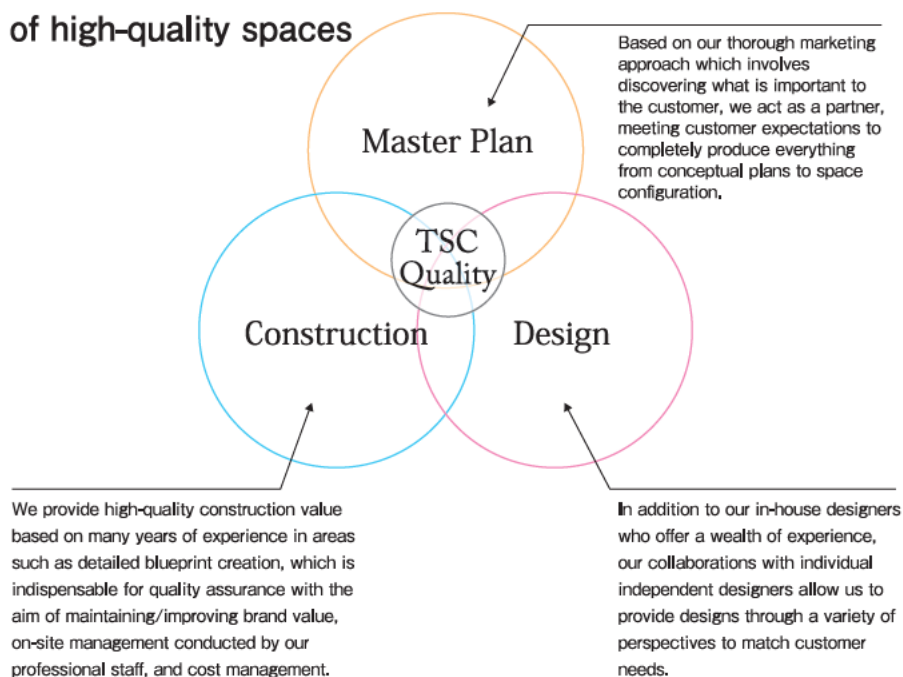

We can renew ourselves because of our tradition.

We shall maintain our soothing values rooted in the era.

What needs to be kept the same remains unchanged while bravely adopting what must be changed for our customers. This is how Takashimaya continues to evolve. Our ability to create by freely utilizing our network, which was developed over many years, is another special characteristic of Takashimaya Space Create.

TSC Quality

Three elements essential for the creation of high-quality spaces

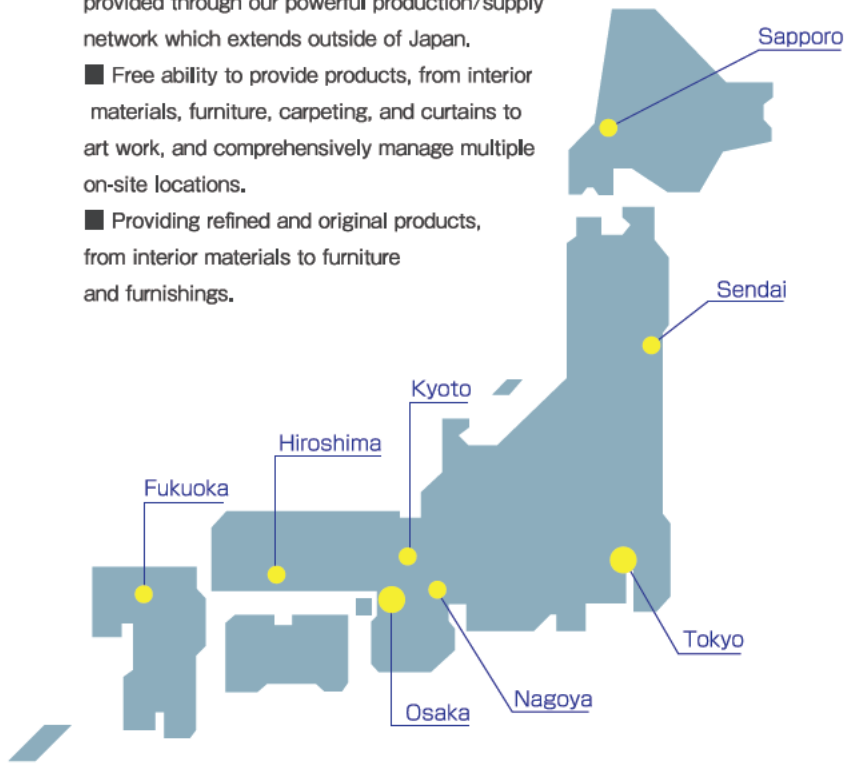

Business Locations

A powerful network for higher quality service

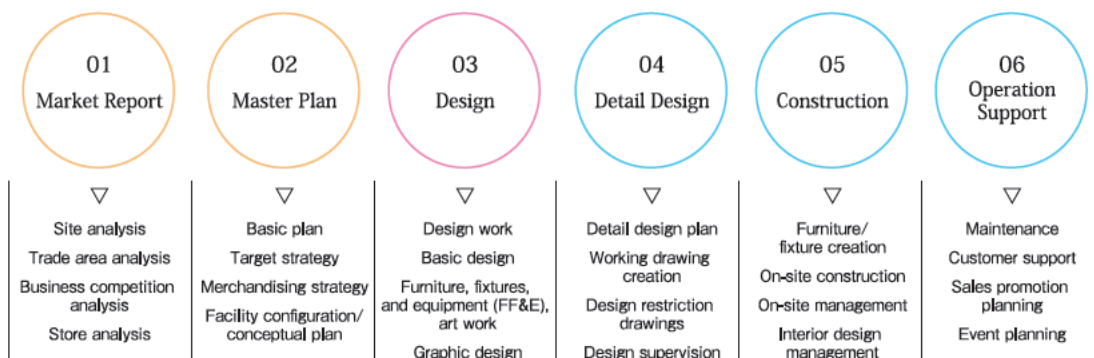

■ Optimum cost management for customers is provided through our powerful production/supply network which extends outside of Japan.

■ Free ability to provide products, from interior materials, furniture, carpeting, and curtains to art work, and comprehensively manage multiple on-site locations.

■ Providing refined and original products, from interior materials to furniture and furnishings.

Work Flow

Business Fields In addition to serving as a partner for creating department stores, we are also involved in creating spaces for use in every business field, including large-scale commercial facility, hotel, education, welfare, ships, and home renovation, both in Japan and overseas.

Department Store/ Shopping Mall

Takashimaya Space Create also demonstrates its abilities in the areas of environmental construction and comprehensive management. We freely make use of our high-level of on-site construction technology and ability to comprehensively manage multiple on-site locations in order to respond to customer needs.

Nihombashi Takashimaya S.C. Annex
(Environment work/supervision of interior)

Hotel

We have a proven track record with various luxury hotels and city hotels creating impressive spaces that offer a sense of hospitality and are in-line with the times.

The Okura Tokyo
(Interior construction)

Civic & Culture

From theaters, concert halls, art museums, and libraries to palaces and the State Guest House, we also have a wealth of experience in historical building surveys and reconstruction projects.

Festival Hall (Nakanoshima, Osaka)
(Interior construction)

Restaurants

Using designs based on current trends and know-how cultivated from both within and outside of the Takashimaya group, we assist in creating attractive restaurant locations that bring customers in.

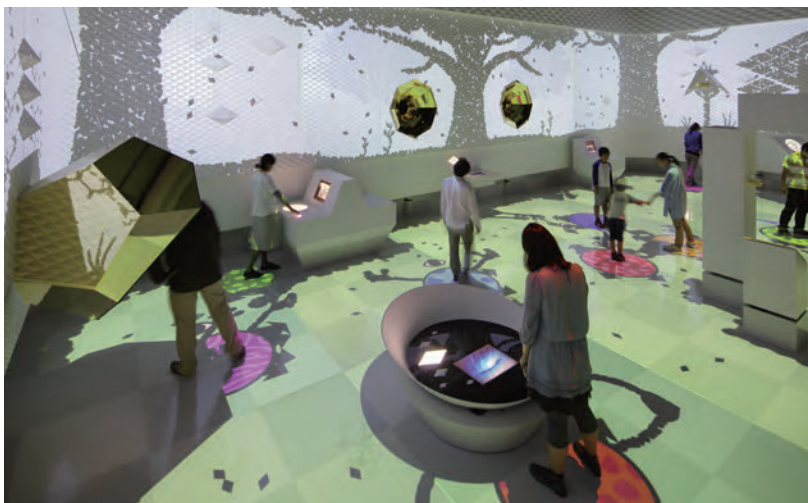

GINGER GRASS
modern thai vietnamese
(Interior construction)

Healthcare/ Education

Dedicated to creating healthcare/education facilities which give priority to safety on a daily basis to keep facility users feeling positive and full of life. From nursery schools to universities, we create comfortable spaces that call for a kind, enjoyable atmosphere.

Shogakukan Academy Nishiikuta Nursery
(Interior design/construction)

Museum

Takashimaya Space Create proposes pleasurable and unusually comfortable spaces for visitors to enjoy.

Miraikan – The National Museum of Emerging Science and Innovation
Permanent Exhibition (Songs of Anagura)
(Exhibit creation/construction)

Retail

Whether it is refinement, luxury, or tradition, we create beautiful spaces which convey these concepts to store visitors through designs that match what stores are looking for.

Kabukiza Kobikicho Plaza
(Interior design/construction/FF&E)

Corporate

We provide comprehensive service for a variety of business spaces, including corporate executive offices, reception rooms, and conference rooms. Please consult with us regarding any of your office relocation needs.

Business lounge
TOKYO309
(Interior construction/furnishings)

Ship

We are highly regarded for our know-how and skills acquired through interior design work on ships of the Imperial Household Agency dating back to 1899.

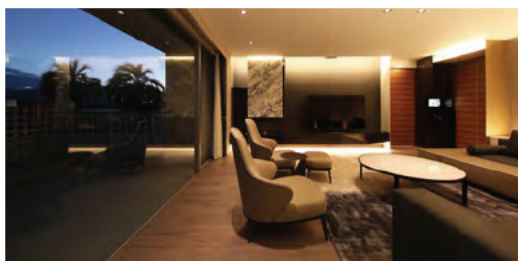

Asahi
(Interior design/construction)

Home Renovation

Please tell us about your perfect dream house. Takashimaya Reform performs renovations that result in high-quality, refined living spaces cherished by professionals.

Takashimaya Reform First-class living

Home renovation services provided by the Takashimaya group, which has been involved in creating high-quality, sophisticated, highly aesthetic spaces for first-class hotels, luxury boutiques, and other businesses. Our home renovations bring lifestyles that demand authenticity and attention to detail to the real world.

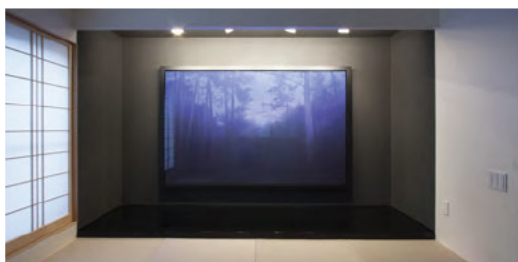

House renovated with a hotel-like touch

Enjoy living in a home designed like a suite room of a hotel.

Apartment gut renovation

The high-rise view is highlighted in this living room in the sky, where the layout is designed around the kitchen.

A room for hobbies and interests

The original Western-style interior was refurbished into a Japanese style using lattice designs. The room shows the customer's taste in all the details.

Outdoor Space/Garden Planning

Providing spaces from Japanese gardens which allow you to experience all four seasons to designer gardens where you can enjoy barbecues and a cup of tea.
